This amendment replaces \$410,728 general fund in FY09 with a like amount of state special revenue from I-149 (health and Medicaid initiatives) to fund the home and community based waiver expansion in Senior and Long Term Care Division. The freed up general fund is allocated to IGT (intergovernmental transfer) offset to replace county funds used as state matching funds for home based services (\$1,000,000 annually) and nursing home services (\$600,000 annually). When the legislature first authorized a county nursing home IGT program, it used the first \$1.6 million in county funds to offset general fund Medicaid match for nursing home and home-based services.
